

February 3, 1933

LB 162

SENATOR KAHLE: Mr. President, I, too, support the fee increase for issuing the licenses. I know that sometimes the public doesn't think this should happen and being in politics I suppose it would be a lot easier to say, well, let's don't mess with it. I am sure I will get some criticism and so will some of the rest of you for raising that fee from 25 cents to 50 cents. But I do think it is necessary. I believe we have one of the finest game and parks establishments across the State of Nebraska, more areas for people to have their recreation. I guess as I look back over the last twenty or thirty years, Nebraska was not very proud of its scenic beauty and the historic things that we have in our state and they certainly have been developed in the past and if the fee was at 25 cents as long ago as Senator Goodrich was talking about, it certainly ought to be worth twice as much today. Thank you.

PRESIDENT: Senator Nichol.

SPEAKER NICHOL: Mr. President and members of the Legislature, Senator Goodrich would you tell us what the price of the permit is today?

SENATOR GOODRICH: Today a hunting license is \$8.50 plus a quarter or \$8.75. That would go to \$9.00. A fishing license is \$9.50 plus a quarter, or \$9.75. That would go to \$10.00.

SPEAKER NICHOL: So if you bought a hunting and fishing license it adds up to what?

SENATOR GOODRICH: A combination is slightly less. I can't remember.

SPEAKER NICHOL: But it is 25 cents for each of those, right?

SENATOR GOODRICH: Yes, if you get a combination, it is also just a quarter additional.

SPEAKER NICHOL: Okay, thanks. That is what I wanted to know. Thank you.

PRESIDENT: Is there further discussion on LB 126 (sic)? Do you have any further closing, Senator Goodrich? The motion is to advance LB 126 (sic) to E & R for Review. All those in favor vote aye, opposed vote no. Have you all voted? The Clerk will record the vote.

CLERK: 32 ayes, 0 nays, Mr. President, on the motion to advance the bill.

PRESIDENT: Motion carries. The bill is advanced. Now just in transposed numbers we move from LB 126 to LB 162. Mr. Clerk.
